An aerial photograph of Glasgow, Scotland, taken from an elevated position. The city's architecture is a mix of historic stone buildings and modern high-rise structures. The River Clyde flows through the center, with the iconic white arch of the Glasgow Arch Bridge spanning across it. In the background, the Glasgow Science Centre's glass dome is visible on the right. The sky is a clear, vibrant blue with some light, wispy clouds. The overall scene is bright and captures the essence of a summer day in the city.
